FIRST STROLLER MINI

COMPACT & POWERFUL
DOG STROLLER

Premium-quality Dog Stroller with Inventive Features

Superior Mobility and Advanced Running Performance

Unbeatable Price/Performance Ratio

FIRST STROLLER MINI - Advanced Foldable Dog Stroller from **JAPAN**

Hakusan First Stroller MINI is a stylish, compact and practical foldable 4-wheel dog stroller with superior handling and advanced running performance developed to perfection thanks to meticulous design and careful attention to every detail

Compact, High-performance Stroller for Small and Medium-sized Dogs

One of the primary advantages of **Hakusan First Stroller MINI** is its unrivaled running performance. With its premium-quality 4 wheels – cushioning EVA wheels with a shock-absorbing suspension system for front wheels and sturdy pneumatic tires for rear wheels, it is capable of advancing smoothly not only on city streets but on unpaved paths or any other terrains equally.

The spacious and comfortable cabin and the canopy are demountable: the canopy can be opened and closed with a zipper closure.

The rear bottom part is equipped with a useful brake system that locks with just one step down the footbrake.

The handlebar is height-adjustable and protected with a detachable artificial leather cover of which color you can choose from whether black or brown.

As useful supplements, it comes with a practical air pump and a cup holder.

The new high-performance dog stroller is available in 6 ranges of color: black or brown for handlebar, black grey, light grey or denim blue for cabin and canopy.

- *Stylish and Elegant*
 - *Excellent Mobility and Runnability*
 - *Sturdy Construction, Compact Dimensions*
 - *Carefully Thought-Out Details*
 - *6 Color Options*
-

Mobility & Stability: Compact, Easy-to-handle and High-Performance

The durable handlebar with an attractive UP handle cover is height-adjustable depending on the user.

The overall dark tone (frame, wheels, handlebar, etc.) enhances stylishness and elegance.

The comfortable cabin is equipped with a detachable canopy for multipurpose usage: as a portable carrier, in a car seat, etc.

One-step footbrake on the rear bottom

Demountable cabin and basket that can be used as a carrier for travel.

Sturdy pneumatic tires suitable for all terrains

The cushioning EVA wheels with a shock-absorbing suspension system provide excellent stability.

The mesh opening at the front for easy in and out of your dog.

Optimal Dimensions for small and medium-sized dogs

Weight Capacity: 15kg
